Unfair Competition & Trade Secrets

In our digital world, managing incoming and departing employees is more of a headache than ever and can leave employers with liability, as sensitive information is so easily transferable.

Join attorney Eric Rumbaugh, who specializes in navigating the movement of information and employees between companies, for a complimentary training on how to protect your organization from liability related to trade secrets and unfair competition.

We will apply for CLE credit in WI, CO, IL, MT, NC, TX, UT, and VA (if applicable).
