Real Estate

Michael Best is pleased to announce that Lauren A. Triebenbach has been selected for inclusion in the inaugural Women in Construction list by *The Daily Reporter*. The award honors outstanding achievements by the top women in the construction industry who, by achieving success, have also paved the way for success for other women in construction.

Triebenbach is a Partner in Michael Best's Real Estate Practice Group, providing strategic guidance to clients including contractors, design professionals, and owners. She focuses her practice on delivering pragmatic advice and representation through matters involving: complex construction litigation, defect, delay, and payment disputes; advising clients on risk management procedures; assisting construction clients with perfecting lien claims; and negotiating and drafting construction contracts for general contractors, construction managers, trade contractors, architects, engineers, consultants, and other construction professionals.

"I'm honored to be included in this extensive list of fellow women leaders," said Triebenbach. "The construction industry continues to be ever-evolving, and it's great to see women advancing the industry."

Triebenbach was also named a 2015 Up & Coming Lawyer by the *Wisconsin Law Journal*.

This year's honorees will be honored at an evening reception on August 22, 2019 at the Marcus Performing Arts Center in downtown Milwaukee.
