Brazilian Patent and Trademark Office Publishes New Rule on the Prioritization Examination of Patent Applications

On November 10, 2015, the Brazilian Patent and Trademark Office (INPI) published Rule #151 regarding the conditions for requesting priority examination of patent applications. Specifically, Rule #151 revokes Rule #68 of 2013 but maintains many of the previously established conditions. Under the Rule #151 an applicant may request priority examination of a patent application under [...]
